

PROUD TO NURSE

NETP Opportunities in Taranaki

New graduate opportunities:

- Taranaki DHB is committed to the employment of new graduate nurses and invites student nurses who are commencing their nursing career to apply for a new graduate nurse position at Taranaki.
- The Taranaki nursing team is proud of the high quality nursing care provided to the Taranaki public and welcome new graduate nurses to join the strong and supportive team of nurses. As a nursing team we value innovative nursing care that uses evidence based knowledge and care delivered with compassion.

Clinical positions:

Taranaki DHB offers NETP positions in:

- OPHRS/Stroke Unit
- Acute General Surgery
- Orthopaedics
- Surgical Outpatients
- Medical
- ICU/CCU/HDU

“ I came to Taranaki to complete transition in practice. I had heard really great things about the hospital here; that everyone was really welcoming and that there was a sense of community within the hospital. I loved it so much I applied for a NETP position. New Plymouth is a beautiful place to live I just love it here! ”

- Short term accommodation in a hostel that is located on the premises of the DHB

Our community

The Taranaki community is spread across a wide geographical area to which Taranaki DHB provides a health service to a population of more than 118,000 people. The main hospital is located in the city of New Plymouth with a smaller rural hospital in Hawera.

The Taranaki region is renowned for its enviable lifestyle promoted by both mountain, sea and outdoor activities

The DHB is a mid-sized DHB and has a solid reputation for its health outcomes and a friendly and supportive working environment where the aspiration to excellence is evident in all clinical areas.

Contact us

We welcome your enquiries and have a dedicated NETP coordinator who has oversight of the new graduate nurse clinical placements and is able to assist with your queries.

You are welcome to visit and experience first hand the friendly nursing team.

For more information contact Nicola.Hughes@tdhb.org.nz

All new graduate nurses are supported in their career journey as part of the NETP and NESP pathways

“ Taranaki DHB is a really welcoming place and I have felt so supported. Being autonomous and further developing myself through the NETP program and the PG Assessment paper has been fantastic. ”
