

10 May 2022

Dear 

Re: Official Information Act

I am responding on behalf of the Taranaki District Health Board (DHB) to your request of 19 April 2022. You have requested the following information:

- 1. The number of women referred to Taranaki DHB for Maternal Mental Health in 2021 and the number that were accepted.**

The total number of referrals for 2021 were 211.

NB: We are not able to accurately provide total number of referrals accepted due to a recent change in our coding system. This is under review by the service to ensure this is captured accurately.

- 2. The current wait times for Maternal Mental Health in this District Health Board.**

The average wait time as of 5 May 2022 is 11.44 days.

I trust the above information answers your OIA request.

Yours sincerely

Wendy Langlands

Manager
