

South Taranaki After Hours Care

South Taranaki GPs are open to patients during normal business hours,
Monday to Friday.

In an emergency you should ring 111 or go directly to Hawera Hospital
Emergency Department which is open **24 hours a day,
seven days a week.**

If it's not urgent but you would like to talk to a health professional, ring
Healthline (0800 611 116)

Healthline has trained registered nurses who will be able to give you
advice. The nurse may decide you need to go to the Emergency
Department – if necessary they can ring 111 for you.

Or you might need to ring your GP for the earliest appointment.

Healthline has links to WellChild information, the poison centre and other
health service centres.

What to
do:

Ring 111 or go to the Emergency
Department for emergencies

If not urgent ring your GP first

If you need advice ring Healthline
